

PURPOSE: The purpose of the "Training Today Newsletter" is to provide assistance and support for TPAES users submitting PAE applications. We also use this notification to communicate upcoming LTSS initiatives and to describe how those may affect your daily practices. Please forward to staff in your company that complete or submit TennCare (Medicaid) PAEs/PASRRs. This contains vital information for all TPAES users.

Redetermination Update

In September, renewal packets were mailed to all remaining Group 1 members due for redetermination (who had not previously been mailed a renewal packet). In addition, a list of members being mailed packets was provided to each MCO. The MCO was then responsible for generating and providing to each contracted Nursing Facility a list of their members residing in that facility who had been selected for redetermination.

There will still be members becoming eligible for redetermination each month, these member's status will be addressed in the coming months. If you have any questions about this process please reach out to LTSS at ltss.redeterminations@tn.gov

- For a person who is a current CHOICES member and his/her level of care needs have changed in any manner such that it is not reflected on the current approved level of care submit the PAE as **Change in current LOC**.
- For a person who is a current CHOICES member and his/her PAE is soon to end and the requestor believes CHOICES should continue submit the PAE as **Current CHOICES member, current PAE ending**

PAE Certification Tips

- When submitting a Group 1 PAE be sure to utilize the correct PAE Certification Form.
- LTSS may deny Group 1 PAEs in the future if the correct PAE Certification Form is not attached.. This form can be found on the LTSS website here: <https://tn.gov/tenncare/article/ltss-forms>
- Fill out the entire certification form including the NPI section
- If recertifying a Group 1 PAE, utilize the original PAE Certification Form and attach it to the PAE.
